## CAREER

Passionate and driven Electrical & Electronic Engineering graduate with a deep interest in the technology industry, eager to establish a rewarding career in the IT field. During my undergraduation, I gained experience in web development skills such as HTML, CSS, and JavaScript, and successfully completed a commercial project, showcasing my practical expertise. I have a strong love for learning new technologies, which has led me to self-teach React while effectively managing my time alongside my current job. With a strong work ethic, adaptability, and a commitment to excellence, I am now seeking an opportunity to relaunch my career in the IT industry. I am dedicated to leveraging my technical skills, continuously expanding my knowledge base, contributing to innovative projects, and thriving in a collaborative and dynamic environment.
